

Recognized as a leading showroom distributor of plumbing fixtures and supplies for kitchen remodeling, bathroom remodeling or new construction, Kitchen & Baths by Briggs is a 111-year-old company with beautiful showrooms in Kansas City and Omaha. This respected

company is known for its focus on premier luxury products and unparalleled customer service. Kitchens & Baths by Briggs carries a wide variety of high quality sinks, faucets, fixtures and accessories to create and remodel any kitchen or bathroom. They also have a vast collection of lighting to complement any design project.

Lynn Middleton, Showroom Manager, is confident the vast selections Kitchens & Baths by Briggs has to offer will appeal to every customer and every project. As the largest decorative plumbing showroom in the Kansas City metro area, there is literally something for everyone's tastes and lifestyle.

"We love what we do and are excited to help our clients realize their dream home," smiled Middleton. "We are a premier kitchen & bath showroom with a focus on working with designers, remodelers and builders."

This company is also open to the general public and invites anyone interested

in their home remodeling project to stop by its expansive showroom to discover the endless possibilities that await them.

Kitchens & Baths by Briggs offers an extensive collection of quality products from Kohler, Bain Ultra, Watermark, as well as many other well-known brands. The company is also an exclusive dealer for Crosswater and The Galley, the latter of which is an impressive all-in-one kitchen work station, available in up to 7-foot lengths. Translation? No need for extra counter space with The Galley.

"The Galley is perfect for large families and entertaining," explained Middleton. "It is a great culinary station that provides surfaces to chop, rinse and prepare food in one place."

Not only does Kitchens & Baths by Briggs have an impressive showroom stocked with premier products, the experienced and educated team, which includes four interior designers, is always

on hand to help clients through every step of the process. Kitchens & Baths by Briggs is also highly involved with many professional organizations in Kansas City, including ASID, NARI and HBA.

"We are here to guide people, helping them find not only what they love but also what is functional and practical for their needs," noted Middleton. "We also work closely with the contractors to make sure everything is properly specified and communicated during the process."

**PRO TIP...**

*When choosing designs and styles, aesthetics should not be the only motivator. It is also important to remain conscious about functionality in terms of your lifestyle and needs.*

When you visit the Kansas City showroom, you will see firsthand the fixtures, faucets and accessories for your projects and all you have to do to get

started is call to make an appointment with one of their knowledgeable showroom consultants who will be more than happy to assist throughout the selection process. Before coming into the showroom, clients can also view products on the company's website to get ideas and inspiration.

"We are extremely proud of our stellar customer service and enjoy giving individualized attention to each client," said Middleton, whose expert team enjoys working on clients' projects just as much as the clients do. ■
