

Feeling cramped? Crowded? Disorganized? Think you don't have enough space in your home for your belongings? Before you consider moving to a larger home, consider meeting with the designers at Inspired Closets, the trusted experts at finding additional space you didn't know you had.

and installation, this talented team will oversee the entire process and leave you with a beautiful, functional space you will love.

"Inspired Closets is a complete organization company," explained owner Jim Fee. "We design custom solutions for more than closets. We provide top of

At Inspired Closets, you can partner with experienced professionals to customize spaces tailored specifically to your needs and lifestyle. From the initial complimentary design consultation through site preparation

the line products to organize your life."

In addition to designing boutique, walk-in, and reach-in closets, this company also provides organizational expertise for the garage, pantry, home office,

laundry room, home entertainment system, basement, entryway, and more. A dedicated designer will work with you to create a fully customized design that efficiently connects with your needs and wants. The designer will lead you through the Inspired Closets four-step process: consult, design, prepare, and install with the goal of making the entire process easy for you.

The process starts with a free, in-home design consultation where a designer will listen to your frustrations, needs, and wants as well as take inventory of your belongings to ensure the proposed design will fit your lifestyle needs. During the

design step, your designer will recommend a color, finish and layout, and share material and hardware samples. Before the design is finalized, you can see your design on Inspired Closets' proprietary, 3-D software which allows you to change features, color selection, and price with the click of a button. You will have a first-hand

look at the finished product before the work is even initiated. To help you prepare, Inspired Closets will manage the removal of your existing closet system. And when

it's time for installation day, the team will arrive on time and get the job done efficiently, leaving your home just as clean as it was when they arrived on site.

"We understand the importance of being able to organize more efficiently and utilize a space, providing customers with a customized closet, room, or storage area to fit that person's unique home and wardrobe, resulting in a space that leaves the homeowner feeling inspired," said Fee. "Our mission is to turn stressful, disorganized spaces into

organized inspired ones."

Inspired Closets has two skilled designers ready to help you transform your space. Bill has 30 years in the closet industry and has helped thousands of homeowners achieve their goals, and Sami has a keen eye for design and is highly proficient on the Inspired Closets design software.

Inspired Closets invites you to visit their showroom (no appointment necessary!) at 14125 Marshall Drive in Lenexa, Kansas, where you can see some examples of organized spaces as well as gather new and inspiring ideas for your home. ■

The wall bed, also known as a Murphy bed, is becoming increasingly popular as a way to maximize space. People may choose to install one in a home office, as it can double as large work surface and comfortable bed in one. Also, pocket doors coupled with a few drawers and shelves are popular for reach-in closets for those who desire more than the standard white hanger material.
